

# TanksDirect

“first choice”

## PROJECT INFORMATION SHEET

**Owner:** DC5 Data Center Fuel Oil Installation  
Ashburn, VA

**EQUINIX**

**Project Description:** Tanks Direct was contracted to install two (2) UL 2085 Fireguard aboveground storage tanks for the purpose of providing fuel oil to seven new emergency generators at a mission critical data center. The project highlights include:

- Two (2) UL 2085 Fireguard Above Ground Storage Tanks
- Catwalk and ladder structure to access the top of the fuel oil tanks
- Seven (7) new fuel oil filtration polishing systems
- Double wall prefabricated steel welded piping
- A significant amount of motorized valves, solenoid valves, and other controls
- Veeder-Root tank level and leak detection monitoring system
- Extension of emergency vent lines through the roof
- Level V commissioning and start up

8580 Laureldale Drive, Laurel MD 20724
