

# TanksDirect

“first choice”

## PROJECT INFORMATION SHEET

**Owner:** Shorenstein Management  
Washington, DC

**Project Description:** Tanks Direct was contracted to provide and install a fuel oil storage tank in the basement of an existing building. In addition to the new tank, a duplex pump set was provided in order to facilitate providing additional fuel capacity for the day tanks located on the roof that feed the emergency generators. Project highlights include:

- New ASME fire rated aboveground storage tank
- Installation of new piping on the exterior of an 11 story building
- Insulated piping on all exposed work
- Overflow protection valves and controls
- New Incon tank monitoring system for level and leak detection
- Washington DC permitting and Fire Marshall Coordination and acquisition
- Start up, owner training, and commissioning

8580 Laureldale Drive, Laurel MD 20724
