

TanksDirect

“first choice”

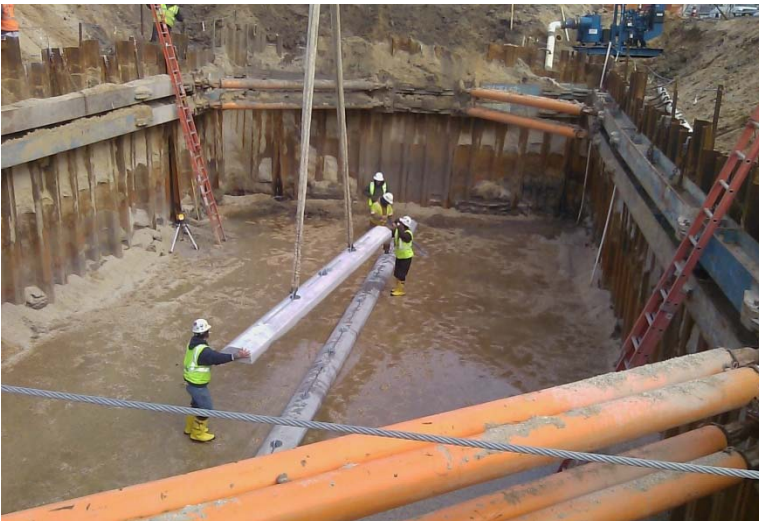

PROJECT INFORMATION SHEET

Project: Patuxent River Naval Air Station
Patuxent River, MD

Project Description: Tanks Direct provided installation of two (2) 35,000 gallon underground storage tanks to be used for collection of fire fighting fluids from the adjacent hangar. Tanks Direct was also responsible for the shoring and dewatering of the excavation. Additional project highlights include:

- Installation of two (2) 35,000 gallon underground fiberglass storage tanks
- Shoring of an opening approximately 40 feet wide by 70 feet long by 21 feet deep
- Dewatering of the excavated opening which was adjacent to a tidal river
- Excavation and backfill of opening
